Board of Regents

Program Authorization: Constitution of 1974, Article 8, Section 5; Article 7, Section 10.1; Acts 237 of 1993 and 495 of 1995

Role, Scope and Mission

The Board of Regents will plan, coordinate and have budgetary responsibility for all public postsecondary education as constitutionally prescribed in a manner that is effective and efficient, quality driven and responsive to the needs of citizens, business, industry and government.

The goals of the Board of Regents are:

- 1. To increase opportunities for student access and success.
- 2. To improve the overall quality and accountability of the state's system of postsecondary education.
- 3. To enhance services to the communities and state.

The Board of Regents includes the following activities: Board of Regents, Office of the Commissioner; Administration; Planning, Research and Performance; Budgeting and Financial Planning; Facilities Planning; Academic Program Planning and Review; Research and Management Information Services; Desegregation

Settlement Agreement Compliance and Monitoring; Aid to Independent Colleges and Universities; Southern Regional Education Board Compact; Louisiana Library Network; Louisiana Quality Education Support Fund 8(g); Registration and Licensure of Degree-Granting Institutions; Licensure of Proprietary Schools; Federal Programs.

SOURCE OF FUNDING

The sources of funding for this program include General Fund, Interagency Transfers, Fees and Self-generated Revenues, Statutory Dedications and Federal Funds. The Interagency Transfers are from the state's universities for the Louisiana Digital Software Consortium, which acts as a site licensing facilitator for state schools and the Office of the Governor for the Title II Teacher Education Grant. The Fees and Self-generated Revenues are from registration and licensing fees paid by post-secondary, academic degree-granting institutions and proprietary schools. The Statutory Dedications include the Louisiana Education Quality Support [8(g)] Fund for: (1) enhancement of academics and research; (2) recruitment of superior graduate fellows; (3) endowment of chairs; (4) carefully designed research efforts; and (5) administrative expenses. Other Statutory Dedications include the Louisiana Fund and the Health Excellence Fund which are both from Tobacco Settlement Revenues, Support Education in Louisiana First Fund (SELF Fund), Proprietary School Fund and Deficit Elimination Fund (Per R.S. 39:32B.(8) see table below for a listing of expenditures out of each Statutory Dedicated Fund) The Federal Funds are from: (1) the National Science Foundation, for a) the Experimental Program to stimulate Competitive Research (EPSCoR), to enhance the competitiveness of science and engineering (S&E) faculty of the State's higher education institutions by making them more competitive in gaining national research and development support; b) the Louisiana Alliance for Minority Participation (LAMP), to increase the number of underrepresented minorities receiving B.S. degrees in science, engineering and mathematics in Louisiana; c) the Louisiana Collaborative for Excellence in the Preparation of Teachers (LaCEPT), to improve the quality of undergraduate teacher preparation programs in mathematics and science to increase substantially the number of mathematics and science educators; (d) the Louisiana Systemic Initiatives Program (LaSIP) in Math and Science Education, and the related Delta Rural Systemic Initiative, to reform statewide - from kindergarten through college - methods of instruction and learning in mathematics, science, and engineering education; and e) The H.323. Video to Desktop program, to promote systemic reform in research by establishing a desktop-to-desktop video conferencing research system among research institutions in the state; (2) the United States Department of Energy, to provide support for fundamental research, training, and related activities in sciences fields relating to energy; (3) the National Aeronautics and Space Administration, for the Louisiana Space Grant Consortium (LaSPACE) and the NASA EPSCoR program, to develop the infrastructure for aerospace research, thereby increasing the State's capability to perform federally-funded aerospace research; (4) the Office of Naval Research, the Air Force Office of Scientific Research, and the Army Research Office, for the Department of Defense EPSCoR program, to conduct research and to educate scientists and engineers in Louisiana in areas important to national defense; and (5) the United States Department of Commerce, for the Experimental Program to Stimulate Competitive Technology (EPSCoT), to develop and implement regional and statewide strategies to accelerate commercialization of university-based technologies.
